In this Roll & Write game you will have 20 turns to try to get as much money as possible. For this you must complete the bread recipes using dice rolls to check out all the ingredients.

Each regular turn (white squares) consists of 2 ingredient dice rolls: roll the dice and check the appropriate box. If a slash is separating two ingredients, choose just one of them.  / 

Each special turn (gray squares) consists of 3 dice rolls on the ingredient table and 1 on the special table (gray background).

## Special actions (gray roll):

If you get  , put a cross in their bonus box. At the end of the game you will lose 1 coin for each cross you have.

If you get  , put a cross in their bonus box. If you have 3 at the end of the game, you will win 5 coins.

If you get  put a cross in their bonus box. At the end game for each cross there will win 2 coins for your final score..

If you get  remove an ingredient from your grid (write down "NO") and check another one of your choice.

A bread is not considered complete until all ingredients in your recipe are checked.

**Scoring:** Write down how many recipes of each color you have completed and multiply by their score (incomplete recipes won't give you any points). Add or subtract the bonuses (if you have any). The total of coins will be your score.
